

The Prince George's County Police Department
District II Station

Is asking you to keep your valuables
"OUT OF PLAIN VIEW!"

Theft from auto is a crime of opportunity which is on the rise. Once the perpetrator notices your hard-earned valuables, inside your vehicle, it takes less than one minute to break out a window and make good his escape with your property. Please join us in our effort to lower theft from auto crimes by keeping your valuables out of plain view. This would include anything that is of value to you such as purses, laptop computers, radar detectors, GPS devices, etc. These items need to be taken with you or locked in your trunk when the vehicle is unattended. And remember, District II asks you to keep valuables **"OUT OF PLAIN VIEW."** Together we can make a difference!
